## Program Overview

This fast-paced, three-hour CLE combines three of Stuart Teicher's signature one-hour programs into a single dynamic experience. It explores how lawyers learn professionalism and ethics from everyday life, real-world misconduct, and even college mascots, focusing on how character, ethical judgment, and professionalism are revealed in the choices lawyers make under pressure and in the public eye.

## Topics Include

- Everyday professionalism lessons from real-life moments and Stuart's travel photos
- Integrity, courtesy, civility, and effective communication in routine practice
- Ethics pitfalls and pressures revealed by true stories of lawyer misconduct
- Key rules behind "good lawyers gone bad," including RPC 2.1, 8.4, and 1.16
- Loyalty, protection, and communication modeled by college mascots
- Applying RPC 1.4, 1.6, and 1.7 to maintain consistent ethical character and client loyalty
