Power, Privacy, and Protection: Unpacking Security Challenges in the Energy Sector

Energy Law Insights

SPEAKERS

[Christopher R. Jones](#) | [James Koenig](#)

In an era where privacy and security are paramount, understanding the range of potential vulnerabilities and risks faced by energy producers and EV manufacturers is crucial. Join Troutman Pepper Partners Jim Koenig and Chris Jones as they shed light on these concerns, discuss mitigation strategies, and explore opportunities with artificial intelligence (AI).

- [What are the potential areas of vulnerability for power companies?](#)
- [How well is energy sector doing in protecting their operations and data?](#)
- [What are the privacy and security challenges associated with battery technology?](#)
- [What are the opportunities and potential risks associated with AI in the energy sector?](#)
- [How can risk be mitigated?](#)

The energy sector is currently undergoing seismic change and with that change comes tremendous opportunity. Our energy video series, which features nationally recognized Troutman Pepper partners as they discuss a vast array of unique and complex challenges that face the energy industry.
