Powering Through the Environmental Challenges of EV Development

Energy Law Insights

SPEAKERS

[Byron Kirkpatrick](#) | [Andrea W. Wortzel](#)

Join Troutman Pepper Partners Andrea Wortzel and Byron Kirkpatrick as they delve into the burgeoning world of Electric Vehicle (EV) plant development in the southeastern U.S. and beyond. In addition to exploring the factors contributing to the region's explosive growth, they examine the wide range of permitting and environmental challenges that developers and operators face.

- [How has the southeastern U.S. become a destination for EV development?](#)
- [What are the key permitting requirements developers need to consider?](#)
- [What environmental issues does the EV industry need to address?](#)
- [What are some of the additional infrastructure challenges?](#)

The energy sector is currently undergoing seismic change and with that change comes tremendous opportunity. Our energy video series, which features nationally recognized Troutman Pepper partners as they discuss a vast array of unique and complex challenges that face the energy industry.
