Troutman Pepper Locke partner [Jonathan Young](#) will participate on a panel presenting “Private Equity In Healthcare: How Sick Is The Patient?” during the ABI Mid-Atlantic Conference. The program will take place on Tuesday, August 4, from 12:00 to 1:15 p.m. ET.

The panel will address how Private Equity has made substantial investments in the health care industry, and many of those investments have experienced liquidity and operational challenges — with resulting restructuring and bankruptcy activity. The panel will consider how the structure, timeline, and credit arrangements accompanying private equity investment in this sector have affected the initiation and resolution of these restructurings and bankruptcies.
