Thursday, June 24 • 4:00 – 5:00 p.m. ET

Please join Pride at Troutman Pepper for a panel discussion on the importance of promoting LGBTQIA+ diversity in the legal industry. Panelists will discuss why inclusion and visibility of LGBTQIA+ and other diverse employees is important to everyone—and why it is especially crucial for business success and growth within the legal industry. As a result of the discussion, we hope attendees will gain a better understanding of the importance of recruiting, promoting, retaining, and providing meaningful opportunities to LGBTQIA+ individuals, and how to best support and promote diversity efforts throughout the legal field.
