Please join Troutman Pepper's Intellectual Property and Health Sciences practice groups for our podcast series, which focuses on strategies, trends, and other happenings in post-grant proceedings.

In this second installment of a three-episode series, Troutman Pepper Attorney Andy Zappia moderates a discussion with his colleagues Michael Goldman and Megan Thisse O'Gara, on the mechanics and best strategies for using reissue to amend claims in the context of IPR and PGR proceedings.

Be on the lookout next month for our third episode in this three-part series, which will focus specifically on reexamination strategy in the context of IPR and PGR proceedings.
