Please join Troutman Pepper’s Intellectual Property and Health Sciences practice groups for our podcast series focused on strategies, trends, and other happenings in post-grant proceedings.

In this first of a three-episode series, Troutman Pepper attorney Andy Zappia moderates a discussion with his colleagues Michael Goldman and Megan Thisse O’Gara on the pros and cons of reissue versus reexamination as a means to amend claims in the context of IPR and PGR proceedings.

Be on the lookout next month for our second episode in this three-part series, which will focus specifically on reissue strategy in the context of IPR and PGR proceedings.
