Antonio Avant, director of legal technology for Troutman eMerge, was quoted in the October 8, 2025 *PR Newswire* article, “[Relativity Fest 2025: Relativity Announces Generative AI Solutions for Legal Review to Be Standard in Cloud Offering.](#)”

“Relativity aiR for Case Strategy is a game changer for our litigation team. It cuts through the complexity of managing and making sense of disparate case data, allowing attorneys to focus on strategy,” said Antonio Avant, Director of Legal Technology at Troutman eMerge. “From early case assessment to deposition prep, the platform helps us see the story we’re trying to tell while helping our attorneys ramp quickly, bring clarity to data sprawl and transform how we build our cases.”
