ATLANTA – Troutman eMerge received the [Best Innovation: Organize](#) award from global legal technology company Relativity for its generative AI-powered eMerge Split! application. The Innovation Awards celebrate the Relativity community’s brilliant minds and the innovations shaping tomorrow’s legal industry. Troutman eMerge has been honored by Relativity for the second consecutive year, securing three awards in four years and four total. Relativity has recognized Troutman eMerge with more innovation awards than any other law firm.

eMerge Split! enhances document unitization in Relativity by combining an intuitive, visually interactive interface with a custom-trained multimodal AI model, achieving more than 94% accuracy in automatically detecting document boundaries. By integrating eMerge Split! within Relativity’s document image viewer, Relativity users can quickly review, validate, and adjust AI-suggested boundaries, streamlining a traditionally time-consuming process and substantially reducing associated costs.

“We are thrilled to receive the Best Innovation: Organize award for eMerge Split!. Relativity’s continued recognition of eMerge highlights our commitment to developing AI solutions that improve efficiency and accuracy in legal data management,” said [Alison Grounds](#), founder and managing partner of Troutman eMerge. “By integrating advanced AI technology with user-friendly interfaces, we continue to simplify complex processes and deliver cost-effective solutions for our clients.”

“This streak of success reflects our team’s continued dedication to leveraging the latest technologies to responsibly tackle our clients’ real-world data challenges. By harnessing the power of AI, eMerge Split! solves a longstanding pain point for clients and case teams alike,” said [Jason Lichter](#), principal at Troutman eMerge. “eMerge’s investment in developing bespoke applications enables the firm to enhance client service by optimizing processes and accelerating the delivery of tailored insights.”

The Relativity Fest Innovation Awards applaud transformative contributions to Relativity-centric workflows, spotlighting new solutions that address the legal data community’s most complex challenges. Troutman eMerge has received previous awards for Best Innovation: Enterprise for [Flywheel in 2024](#), Best Innovation: Enterprise for [Xtractor in 2022](#), and Best Law Firm Solution for [SynQ](#) at Relativity Fest’s inaugural Innovation Awards in 2014. Additionally, Troutman eMerge has maintained the longest-running streak as a finalist over the past five years, showcasing the firm’s consistent excellence in delivering top-tier legal technology services year after year.

[Troutman eMerge](#) offers clients integrated legal, technology, and AI-enhanced services to address complex data-

driven problems in litigation, transactional and compliance matters, government investigations, and information governance initiatives. eMerge's lawyers have received numerous accolades from leading industry authorities, including *Chambers USA* and *Legal 500*.
