SPEAKERS

[Matthew R. Brooks](#)

This panel will provide an update on today's retail restructuring landscape by discussing hot topics in retail bankruptcy cases, administrative solvency challenges, the "billing vs. accrual" approach in leases (Avianca Holdings), nondebtor releases and injunctions in sale orders, and chapter 15 and sales of U.S. assets "free and clear" (Goli). How far have we come over the years? What out-of-court solutions might work best?
