Safeguarding Corporate Assets: Leveraging Copyright and Trade Secret Protections to Combat Corporate Espionage

SPEAKERS

[Evan Gibbs](#) | [Alison A. Grounds](#) | [William M. Taylor](#) | [Peter T. Wakiyama](#)

Tuesday, December 3 • 2:00 – 3:00 p.m. ET

In an era where corporate espionage poses a significant threat to businesses, understanding how to effectively use copyright and trade secret protections is crucial. Join us for an insightful panel discussion where members of the Corporate Espionage Response Team will delve into the strategies and best practices for preventing and remedying corporate espionage.

This webinar will cover:

- Conducting comprehensive IP and trade secret audits to identify valuable materials.
- Practical steps to ensure robust protection of sensitive information.
- Real-world examples and case studies illustrating successful protection strategies.
