Philadelphia, PA

CONTACTS

[Christopher M. Brolley](#)

April 21 – 22, 2025

Troutman Pepper Locke is proud to sponsor Saint Joseph's University's 2025 Navigating Our New Normal Symposium on April 21-22. Chris Brolley will be discussing the role of collectives pre and post the "*House v. NCAA*" settlement.

The two-day Symposium promises to be the premier event of the spring for learning, sharing, and preparing for the future. Institutions in all positions – intending to, pondering, or electing not to "opt in" – may want to attend to learn more about the competitive landscape and many other universal topics.
