Snooping Sadia Talks to Former Official Gene Fishel

Unauthorized Access Podcast

SPEAKERS

Sadia Mirza | Samuel E. "Gene" Fishel

Unauthorized Access**,** *Troutman Pepper's privacy and cybersecurity-focused podcast, spotlights the human aspect of the cybersecurity industry, introducing you to the remarkable personalities that make the industry amazing.* Troutman Pepper's Gene Fishel joins Sadia after discovering that she was snooping around his office hoping to snag a challenge coin. Sadia uncovers its meaning, but more importantly discusses Gene's 20-year career as chief of the Computer Crime Section in Virginia's Office of Attorney General, and his time as a special assistant U.S. attorney. The discussion delves into Gene's views on leading cyber investigations, managing forensics units, handling breach notifications, and what he has learned since deciding to play defense.
