In this episode of *Moving the Metal: The Auto Finance Podcast*, hosts Brooke Conkle and Chris Capurso unpack Senator Elizabeth Warren's February 5 data request to major auto finance companies, buy-here-pay-here dealers, and key industry trade groups about auto repossessions. They walk through the main categories of information sought — repossession activity and errors, consumer complaints and disputes, policies and training, vendor contracts, and handling of personal property — and discuss the tight 11-day response deadline and lack of a clear statutory hook for the request. Brooke and Chris also consider what this move may signal about future regulatory and enforcement activity in the auto finance space.
