Where the Solar and Financial Communities Gather Each Year to Conduct Business

The Best Solar Deal-Making and Networking Event of the Year

Solar Company

Finance & Investment Summit

March 25, 2009

Innovative solar companies, venture capitalists, private equity, investment bankers, lenders and other financial players join forces to explore the opportunities for solar companies to fund their growth, research and development, and construction of projects. Participants will also explore such developments as going public and mergers and acquisitions.

Solar Project

Finance & Investment Summit

March 26-27, 2009

Leading utility scale and commercial/industrial/government project developers, investors, lenders, solar technology companies and other key industry players will gather to share their perspectives on how to successfully get deals done in 2009 and beyond.
