Staying Ahead: Key Updates on State Privacy and AI Laws

ON24

SPEAKERS

[David M. Stauss](#) | [Shelby E. Dolen](#) | [TK Lively](#) | [Marlaina Zollinger Pinto](#)

As states continue to advance privacy and AI legislation, organizations face an increasingly complex compliance landscape. This webinar will highlight the latest state-level developments, including laws taking effect in the coming months and those recently enacted. Our speakers will cover key trends across consumer privacy, AI regulation, health and children's data privacy, data broker requirements, and emerging enforcement actions—and what these changes mean for your business.
