Storing Gravitational and Hybrid Energy, With Dr. Raj Talluri, Enovix

Battery + Storage Podcast

SPEAKERS

[William R. Derasmo](#)

Host Bill Derasmo welcomes Dr. Raj Talluri, CEO at Enovix. Dr. Talluri, who holds a Ph.D. in electrical engineering from the University of Texas at Austin, leads Enovix in pioneering 100% active silicon batteries. These batteries address the limitations of current technology, especially in consumer electronics. The conversation covers Enovix's future plans, including a new factory in Malaysia, and explores the challenges and market demands driven by AI applications and the need for better battery performance in electric vehicles (EVs). Tune in to discover how Enovix's innovations are set to impact various industries.
