Structuring CGT Deals for the Long Term

SPEAKERS

[EA Weeks, Ph.D.](#)

[EA Weeks, Ph.D.](#), counsel in Troutman Pepper Locke's [Health Care + Life Sciences](#) Practice Group, was a guest on [Cell & Gene: The Podcast](#). EA joined host Erin Harris to discuss the deal terms that matter most in cell and gene therapy (CGT), including intellectual property ownership; manufacturing capacity; chemistry, manufacturing, and controls (CMC) milestones; data rights; and tech transfer, among other topics. They also discussed planning for what happens when a partnership does not go as expected.
