Wednesday, February 26 • 12:00 – 1:00 p.m. CT

Join the Forum and Troutman Pepper Locke on February 26th at noon for a virtual CLE program. The IRS has been very vocal in 2024 about enforcement and we anticipate an uptick in activity in 2025. The discussion will focus on the IRS priorities in 2024 and what we can expect in 2025 including ERC audits, micro captive insurance arrangements, syndicated conservation easements, Malta Pension Plan, digital assets, monetized installment sales and other tax schemes the IRS thinks are abusive.
