The 2025-2026 Risk Agenda for Insurers

WRITTEN BY

[Paige D. Waters](#)

The insurance regulatory and risk landscape was demanding in 2025 — and all signs point to 2026 being even more complex. Across all lines of insurance, insurers are being pulled in two directions at once:

- Innovate faster, and
- Tighten controls and costs under intensifying regulatory, geopolitical and economic pressure.

Risk and compliance functions are expected to be jointly strategic — supporting profitable growth, enabling technological innovation and satisfying increasingly aggressive regulation.
