The Balancing Act of Battery Chemistry With George Kuo, Canadian Solar

Battery + Storage Podcast

SPEAKERS

[William R. Derasmo](#)

Ready to geek out over exciting new battery chemistry? This week on the podcast, Bill talks all things residential storage with George Kuo, the senior director of products and solutions and product management at Canadian Solar.

Learn how Canadian Solar and their subsidiaries transform the way homeowners consume and supply energy back to the grid, and how the IRA creates incentives for individual homeowners to add rooftop solar and storage.
