---

**Denise Hanna** is participating in an American Bar Association Health Law Section webinar on February 10, 2021. She is moderating the panel, “The Biden Administration and the 117th Congress – Anticipated Health Reform Legislative Efforts in the Next Two Years.” The webinar will consist of a constructive discussion on the art of the possible with a new Presidential Administration and a near evenly divided Congress where the moderates from both political parties may rule the day. This briefing will offer the view from Washington DC into the health reform legislative priorities and possibilities from the lenses of both a senior Democratic Capitol Hill staffer and a senior Republican Capitol Hill staffer as we explore what health reform progress may look like in the first two years of the Biden Administration.
