The Intersection of Bankruptcy and the UCC

Webinar

SPEAKERS

Gary Marsh

Thursday, June 8 • 3:00 – 4:00 p.m. ET

This webinar examines some of the key issues involving the interaction between a debtor and its secured creditors both before and after the filing of a bankruptcy, including the pre-bankruptcy perfection and priority of security interests, the post-bankruptcy protection of a secured creditor's rights in a debtor's collateral, and the options available for the parties to address and administer such collateral in the context of a bankruptcy proceeding.
