The IP Future: Intellectual Property Challenges in AI Health Care Contracts

SPEAKERS

[Brett Mason](#) | [Christopher C. "Rusty" Close, Jr.](#) | [Austin Padgett](#) | [Brent T. Hoard](#)

In this episode of *The Good Bot*, Brett Mason is joined by Rusty Close, Austin Padgett, and Brent Hoard to explore the complexities of contracting for artificial intelligence (AI) in health care. The conversation points to key intellectual property concerns, including ownership of AI-generated content and the impact of recent Copyright Office guidance.
