The Women's Bar Association: Training in a Hybrid World

RELATED PROFESSIONALS

Andrea L. Martin

Andrea Martin will serve as a panelist and discuss Training in a Hybrid World: How to Not Fall Through the Cracks on Tuesday, October 29 at 5:30pm, hosted by The Women's Bar Association Women in the Courtroom Committee and Magna Legal Services.

This event will feature a candid conversation on how to get the experience one needs – across a variety of fields/practice areas – in the current landscape where training, client-facing business, and even trials are all conducted differently and with heavy hybrid/remote elements. We will focus our questions on how these challenges uniquely impact women and have resulted in a notable female leadership gap at the top.
