Tips for Completing a Successful Cross-Border Transaction for Life Sciences Companies

Zoom

SPEAKERS

Mateusz K. Saykiewicz | Courtney M. Goins

Tuesday, December 5 • 1:00 – 2:00 p.m. ET

In an increasingly globalized world, cross-border transactions are becoming more common and complex. Join firm attorneys Mateusz Saykiewicz and Courtney Goins as they provide practical strategies tailored for life sciences companies considering cross-border transactions. The discussion will include an overview of the objectives of cross-border acquisitions for life science companies, and will cover key considerations for due diligence, transaction structure, regulatory compliance, human resources, intellectual property, cultural considerations, and best practices.
