NEW YORK – Troutman Pepper client Hull Street Energy, a private equity firm that specializes in deploying capital into the power sector as it decarbonizes, has acquired the Waterbury Generation facility from a subsidiary of ENGIE North America. [Read the company’s press release about the acquisition.](#)

The Waterbury Generation facility provides 96 megawatts of flexible, fast start natural gas power generation capacity to the New England region. Through this acquisition, Hull Street Energy will be able to help support the state, local community and other stakeholders integrate new variable renewable energy resources and meet regional reliability standards.

A multi-disciplinary team of Troutman Pepper attorneys served as Hull Street Energy’s legal counsel during the process, including partners [Andrew Schifrin](#), [Steven Khadavi](#), Stuart Caplan, [Mark Goldsmith](#), Angela Levin, [Andrew Perel](#), Steve Rinehart, Mamta Shah, and [Chad Warpula](#), and associates [Wallace Bao](#), [Russell Kooistra](#), and [Steve Milona](#).

Troutman Pepper’s nationally recognized Capital Projects and Infrastructure Practice Group facilitates projects for investors, utilities, sponsors, private investment funds, lenders, developers and other stakeholders. The firm’s corporate attorneys regularly handle multimillion- and multibillion-dollar transactions. Core areas of service include capital markets transactions and other significant domestic and cross-border transactions, mergers and acquisitions, corporate governance, securities laws compliance, and corporate finance.
