NEW YORK – Troutman Pepper Locke advised M3-Brigade Acquisition V Corp. (M3-Brigade), a special purpose acquisition company (SPAC) formed to identify and partner with companies undergoing transformational growth, in its definitive agreement with ReserveOne, Inc., a newly formed, first-of-its-kind digital asset management firm. For more information, see the [press release](#).

The transaction is expected to provide more than \$1 billion in gross proceeds, including up to approximately \$297.7 million of capital held in M3-Brigade’s trust account (assuming no redemptions); an aggregate of \$750 million in committed capital from leading institutional investors pursuant to subscription agreements, consisting of \$500 million of common equity and warrants; and an aggregate principal amount of \$250 million in convertible notes.

This capital is expected to accelerate ReserveOne’s growth and strategy, solidifying its position as a category-defining platform in the digital asset ecosystem. Upon closing, ReserveOne’s shares and warrants are expected to trade under the ticker symbol “RONE” and “RONEW,” respectively.
