BOSTON – Troutman Pepper Locke client Archtop Fiber (Archtop), a provider of multi-gig, 100%-fiber internet and phone service to residential and business customers across the Northeast, successfully closed on a new credit facility agented and led by Chicago-based Monroe Capital. For more information, see the [press release](#).

The credit facility provides Archtop with nearly \$200 million in additional capital to execute its aggressive market expansion plans in the Northeast. Archtop is a portfolio company of Post Road Group, an alternative asset manager with an investment strategy focused on providing growth capital to digital infrastructure businesses. The investment supports immediate expansion initiatives and lays the foundation for further capital funding opportunities as Archtop's all-fiber network expansion and company profile continue to grow in the region and industry.
