A 2024 Economic Outlook

Troutman Pepper Podcast

RELATED PROFESSIONALS

[Genna Garver](#)

In this podcast episode, Genna Garver, a partner in the firm's Investment Funds + Investment Management Services practice, interviews Constance Hunter, a renowned economist known for her accurate predictions of important market and economic inflection points. Constance discusses MacroPolicy Perspective's unique approach to macroeconomics and shares her global economic outlook for 2024. Constance and Genna also discuss the economic impacts of geopolitical events, the rise of AI in 2023 and the potential for increased regulations in the space, and the outlook for the U.S. economy.
