Tuesday, January 16 • 12:00 – 1:00 p.m. ET

Join us for our first webinar in a three-part series covering the complex regulatory landscape for multistate pharmacy operations. The series will delve into key topics such as disciplinary procedures, M&A transactions, and potential compliance pitfalls. Attendees should gain valuable strategies to tackle complex legal challenges that pharmacies and their legal counsel regularly face.

In the first installment, our attorneys, Abigail Hazlett and Emma Trivax, will discuss the intricacies of pharmacy-related disciplinary procedures. Their discussion will include the importance of disclosures in the license application and renewal process, strategies for responding to disciplinary procedures, the benefits and approaches for conducting internal audits and reviews, and the legal and operational implications for a pharmacy subject to a disciplinary proceeding.

This program is approved for MCLE credit for California, Illinois, New Jersey (through reciprocity), New York (newly admitted and experienced), and Pennsylvania.
