NEW YORK – Troutman Pepper advised in more than 45 mergers and acquisitions during Q4 in 2021 with an overall deal value totaling more than \$6.6 billion. Transactions spanned across the United States with a handful of cross-border deals, including in Canada, New Zealand, and Singapore. Completed private equity-related transactions had an overall deal value totaling almost \$4 billion.

Additionally, we completed private equity-related transactions with an overall deal value totaling over \$12 billion,” said Partner [Matt Greenberg](#), who leads the firm’s Corporate Practice Group. “Just a few weeks into 2022, we already are seeing a continuation of robust M&A activity, and we expect it will continue if borrowing rates remain low and market confidence stays high.”

“We continue to have strong demand for our legal services on international deals, in particular deals involving Canada, where U.S. legal issues arise,” added Partner Tom Rose.
