Please join us on Thursday, October 12 at 12:00 p.m. ET for a webinar on the recently finalized Private Fund Adviser Rules hosted by Fairview and Troutman Pepper. During the webinar, [Amber Allen](#), Fairview General Counsel and Executive Vice President, and Genna Garver, Troutman Pepper Partner, will discuss legal and compliance considerations such as the Restricted Activities Rule, Legacy Status, the Preferential Treatment Rule, and more. They will also cover next steps for private fund advisers.

This webinar will provide a solid baseline understanding of the new Private Fund Adviser Rules in advance of Amber and Genna's upcoming panel discussion, "PF – The SEC's Private Fund Rules –What You Need to Know," during the National Society of Compliance Professionals National Conference on October 17.

After registering, you will receive a confirmation email containing information about joining the webinar.

For background: On August 23, 2023, the SEC voted to adopt enhanced regulations of private fund advisers and to update the Compliance Rule for all investment advisers. On September 1, 2023, six private equity and hedge fund trade groups sued the SEC to block the new private fund reforms. However, the rule is and will remain final unless vacated by the court, so compliance programs should start preparing now.
