D 404.885.3646

OVERVIEW

As director of legal project management, Chris partners with clients and attorneys to improve efficiency, optimize workflows, and streamline processes — driving measurable value through better matter financial management, enhanced collaboration, and an improved client experience.

He understands the day-to-day challenges legal operations professionals face and focuses on unlocking opportunities through creative solutions, process improvement, technology enablement, and practical innovation aligned with organizational strategy.

With a background spanning legal and business operations, process optimization, and technology, Chris brings significant experience in strategic leadership, digital transformation, infrastructure and financial management, mergers and acquisitions, and governance, risk, and compliance. He is a proven leader in building high?performing teams that deliver measurable business value — improving efficiency, enhancing transparency, reducing risk, and creating scalable, repeatable solutions.
