Haden Marrs

Associate

Atlanta

haden.marrs@troutman.com

D 404.885.3865

Haden counsels clients on the protection, licensing and enforcement of intellectual property rights and has experience in patent litigation, patent prosecution, and post-grant proceedings.

OVERVIEW

Haden has experience helping an array of clients develop IP strategies, including preparing and prosecuting client inventions related to electrical and computer technology arts, mechanical arts, as well as in semiconductor technology. Haden also counsels clients on a variety of matters, including freedom to operate, patentability, patent validity, and licensing.

Additionally, Haden has experience in patent infringement litigation and post-grant proceedings (*e.g.*, *inter partes* reviews) before the Patent Trial and Appeal Board (PTAB) involving mechanical arts, computer hardware and software, communication technology, and power distribution technology.

Prior to joining the firm, Haden taught at Georgia Institute of Technology in the Department of Electrical and Computer Engineering. Haden has a master's degree in electrical and computer engineering from Georgia Institute of Technology and a bachelor's degree in electrical engineering from the University of Kentucky.

REPRESENTATIVE MATTERS

- Advising a global, diversified manufacturing and technology company on strategic patent portfolio management and the enforcement of its intellectual property.
- Assisting a top technology university in the procurement of patents across a variety of technology areas, including electrical and computer technology, mechanical technology, as well as semiconductor technology.
- Representing a multinational technology company in various patent infringement matters and IPRs.
- Successfully defended a multinational telecommunications company in a patent infringement suit.
- Assisting a financial services provider in growing its patent portfolio.
