OVERVIEW

Intisar leverages her extensive background as a litigation attorney to help ensure the protection of privileged and highly confidential material in a defensible manner. With an eye for detail and a deep understanding of legal nuances, she excels in higher-level document review and analysis. Intisar collaborates closely with case teams and clients to develop dynamic discovery strategies that utilize AI and other advanced technologies to enhance the efficiency and accuracy of projects. She is also experienced in training and managing review teams, providing guidance and oversight to help align teams with project goals and standards. Her goal is a thorough, consistent, and efficient review process.

In addition to her litigation experience, Intisar is a skilled project manager, helping to ensure that all discovery projects are completed on time and within budget. She is adept at creating comprehensive privilege logs, documenting privileged communications and materials to protect client confidentiality and maintain compliance with legal standards. Intisar plays a critical role in deposition and trial preparation, assisting in the organization and analysis of key documents and evidence. She not only safeguards sensitive information but also enhances the overall litigation strategy, making her an asset to any legal team.
