OVERVIEW

An experienced paralegal in the intellectual property sector, Madeleine handles complex case management for ITC and district court litigations. In addition to assisting attorneys and clients with deadlines, Madeleine helps administer case initiation and filings, discovery, and hearing or trial support. Madeleine's experience includes more than two years in patent litigation and a year and a half of legal assistance in employment and commercial litigation.

REPRESENTATIVE MATTERS

- *Align Technology v. 3Shape* (146013.10, 146013.11, 146013.12, 146013.15, 146013.24) – Representing 3Shape A/S, 3Shape Inc., 3Shape TRIOS A/S, and 3Shape Manufacturing US, LLC in the District of DE as well as the Western District of TX in defense of Align Technology, who alleges infringement of multiple patents dealing with technology associated with an “inter-oral scanning device” (dental scanning device). Plaintiff is seeking preclusion of further alleged infringement as well as damages.
- *3Shape v. Align Technology* (146013.14) – Client 3Shape A/S brings civil action against Align Technology, Inc. in the District of DE for infringement of two patents regarding a “Focus Scanning Apparatus” (dental scanning device). Client is seeking preclusion of further infringement as well as damages.
- *Densys Ltd. v. 3Shape* (146013.8) – Representing 3Shape A/S and 3Shape TRIOS A/S in the Western District of TX in defense of Densys Ltd., for infringement of one patent regarding a “inter-oral scanning scanning device” (dental scanning device).
