OVERVIEW

Marlaina advises clients on a broad range of privacy and data protection matters, drawing on experience in marketing technology. She provides strategic counsel on consumer data use and regulatory obligations under both U.S. state privacy laws and international data privacy laws, such as the GDPR.

Marlaina develops cross-jurisdictional data privacy compliance strategies, helping clients navigate complex data privacy issues in an environment where laws are rapidly evolving. Her practice includes drafting privacy policies, terms of use, and data processing agreements, and preparing privacy impact assessments for emerging technologies such as AI.
