OVERVIEW

Peter is an associate in the firm's Intellectual Property practice, focusing on patent prosecution and litigation. He prepares office action responses addressing novelty, obviousness, written description, enablement, and subject-matter eligibility issues, and conducts examiner interviews. Peter has prepared more than 50 utility patent applications spanning technologies, including financial services software, first responder systems, and exercise equipment. He also supports district court litigation matters, including noninfringement and invalidity analyses, prior art searches, drafting invalidity contentions, and fact discovery.
