

Peter S. Glaser

Retired Partner

OVERVIEW

Prior to his retirement, Peter Glaser practiced in the energy and environmental law fields. He represented electric utility, mining and other energy industry companies and associations, as well as other businesses, on regulatory and commercial matters. He specialized in environmental regulation and litigation, particularly in the area of air quality and global climate change. He participated in numerous EPA rulemakings and judicial appeals and in various state, federal, and local siting and permitting proceedings. Given his strong background, he testified numerous times before Congress on climate change issues. Peter also represented numerous coal producers and coal purchasers on a variety of commercial and contract matters, including litigated disputes, and his experience extended to proceedings before the STB and FERC.
